13) The Regr Chief Court wanted the back volumes of the Mysore Chief Court Reports and the Mysore Law Reports to be printed. The Govt in their letter dated 23/7/24 informed him that as the reprinting involved an outlay of Rs 45000/-, the reprinting could not be undertaken by Govt. (H R)

14) Now the Registrar proposes that the back volumes may be got printed by private agency, if the Govt is willing to give away the copyright.

15) The Regr points out that the increase in the number of Courts and in the membership the Bar has created a large demand on the back volumes.

16) One Mr Basappa has applied to Govt for permission to print the back volumes. His letter is annexed to this.

17) The questions involved are, the sale of the Copyright as the Regr points out, whether any price is to be claimed for the sale, whether any steps are to be taken to ensure the accuracy of the reports etc.

18) In Madras the Law Printing House is publishing the reprints of all the Series of the Indian Law Reports It may be useful to ascertain on what conditions permission was given to it ~~for printing~~ & also

Subject:—

Printing and publication of the back volumes of the Mysore Chief Court and Law Reports.

(64) The Chief Court having in their letters No.936/23-24 dated 11th January and 13th March 1924 recommended the re-printing of some of the back volumes of the Mysore Chief Court Reports and Law Reports as the supply had run short and as there was demand for them by the members of the Bar etc., the opinion of the Superintendent, Government Printing was obtained as to the probable cost of printing; and as it was found that the work involved an outlay of Rs.45,000, the Chief Court were informed in letter No. P.307 dated 23rd July 1924 that Government could not undertake the work. Thereupon, the Chief Court, in their letter No. 3/25-26 dated 17th July 1925 stated that considerable inconvenience was being caused to the members of the Bar and the general public for want of these back volumes, and recommended that the work of printing and publishing the volumes might be entrusted to private persons as was the practice in British provinces. This proposal having been agreed to by Government, tenders were invited by the Chief Court from private persons willing to undertake the work subject to the condition that Government would waive their copy right in the Reports, for a period of 10 years, in return for the payment of a reasonable rate of royalty to Government for the above privilege. Only one application from the Editorial Committee of the Mysore Law Journal having been received in response to the call for tenders the Chief Court have, for reasons stated in their letter No.75/25-26 dated 7th January 1926, recommended the acceptance of the following terms offered by the applicants:-

(1) The back volumes of the Mysore Law Reports and Mysore Chief Court Reports up to 27th February 1923 to be

printed and issued in about 10 volumes of 960 pages of Royal octavo, the price of the whole set being fixed at Rs.80, at the rate of Rs.8 per volume.

(2) The whole work to be completed in about 2 years, at the rate of one volume every two or three months.

(3) Five-hundred copies of the reprint to be issued; of these, such number as may remain unsold at the expiry of 10 years for which the copy right is waived by Government to be purchased by Government.

(4) A royalty of 7½% to be paid to Government on the sale price of each set sold after the first 300 sets of the proposed edition of 500 sets.

(5) Government to subscribe for 75 copies of the set at the concession rate of Rs.70 per set. to be paid in advance.

(6) Government to discontinue the sale of their available stock of back volumes.

When the papers came up before me, I minuted as follows:-

pages 13 & 14 ← Office Notes

"I think that we may accept the terms offered by the Editorial Committee of the Mysore Law Journal in their letter, with the following modifications:-

(1) We cannot undertake to purchase the unsold copies at the end of 10 years. If a large number of copies is left unsold at the end of the term, Government may favourably consider the question of extending the term of the copy right for a further period not exceeding 5 years.

(2) We may agree to the offer of payment of commission at 7½% on the sale proceeds of the copies sold in excess of 300 sets.

(3) We may agree to subscribe for 75 copies at Rs.70 per copy payable in advance in two annual instalments, in July 1926 and July 27.

(4) We cannot undertake to discontinue the sale of back numbers in stock in the Government Press pending the issue of the publication by the Committee. The Law Committee may take them over for a fair valuation, if they wish to do so."

SIR,

I am directed to invite reference to your letter No.P. 307/Cts.169-23-4 dated the 23rd July 1924, stating that as the work of reprinting in the Government Press of certain back volumes of the Mysore Chief Court Reports and the Mysore Law Reports involves an outlay of Rs 45,000, the work cannot be undertaken by Government. I am to state that considerable inconvenience is felt by members of the Bar and the general public for want of back volumes of these reports. The courts that have been recently established have not been supplied with the back volumes and the Chief Court Office and the Government Book Depot have none in stock.

In these circumstances, I am to enquire if Government have any objection to permit private agencies to reprint and sell them. If the Government are willing to give away the copyright in the back volumes to private persons desirous of reprinting them, applications will be invited from persons or firms willing to undertake the work and arrangements will be made to have the Volumes reprinted as early as practicable.

Re: 'Reprints of Mysore Law Reports and Mysore Chief Court Reports.

Sir,

In reply to your enquiry under reply, I have to state that I am not in a position to send you a copy of the agreement between this firm and the Government of India regarding the reprints of the Indian Law Reports but I give you below a gist of the same.

(1) This firm was permitted by the Government of India to make verbatim but not fac-simile reprints of the Indian Law Reports from 1876 to 1900 in 43 volumes of the Indian Decisions, New Series, the work to be completed within a period of seven years.

(2) No limit was fixed as to the number of copies to be printed.

(3) This firm was asked to pay a definite sum as Royalty for the above privilege.

(4) The investments for the reprints were to be met by this firm and the profits also realised by them.

In the matter of your contemplated reprints of the Mysore Law Reports and the Mysore Chief Court Reports, by private agency, I beg to point out that the demand for these will be limited and unless the purchase of a minimum number of copies is gauranteed by your Government it would not pay to enter into any similar undertakings. I am however

prepared to undertake the work of reprinting and effecting the sales thereof and doing all other acts in connection therewith so as to relieve the Mysore Government or the Chief Court from all the responsibilities of a book-selling concern, provided the Government of Mysore or the Chief Court of Mysore, whoever is the authority concerned will invest the necessary finance for the printing, paper and binding andma management charges of the Reports, on such terms and conditions as may be agreed upon.

If this proposal meets with your approval I shall be pleased to submit my estimates and terms if the following information is supplied to me:-

(a) The year and Number of volumes to be printed and the total number of pages in each volume.

(b) The No.of copies of each volume to be printed.

(c) Whether the reports are to be reprinted fac-simile and page per page or to be reprinted on the method in which this firm has reprinted the Indian Law Reports in its Indian Decisio New Series.

(d) The price at which the reprint volumes are to be sold.

I may further inform you that I shall be glad to send a representative of mine to discuss further details with you, If you should think that a personal discussion would be advantageous to both parties.

Yours faithfully,

Sir,

With reference to your letter No.R.C.C.Pet.3/25-6 dated the 2nd idem we have the honour to say that we paid a royalty to the Government of India in exchange of an exclusive right to reprint I.L.R. from 1901 to 1913 any number of copies for a period of eight years. We have condensed the original 52 volumes into 25.

We are prepared to send you a copy of agreement between ourselves and the Secretary of State for India if required. As we are unable to form a correct idea as to the demand of the Mysore Law Reports, Mysore Chief Court Reports we cannot venture to offer our terms for the undertaking. We would request you therefore to favour us with an approximate idea of its circulation and the prospect of its reprint.

On account of the Durga Puja holidays there has been some delay in the reply for which we hope to be excused.

Sir,

I am directed to acknowledge the receipt of your letter No.P.2550(1) Cts.4-25-8 dated 19th November 1925 in the matter of the re-printing the back volumes of the Mysore Chief Court Reports and Mysore Law Reports and requesting that applications may be called for and the result intimated to Government.

In reply, I am to state that applications were called for by advertisement (copy enclosed) inserted in the local papers as well as the "Hindu", in response to which only one application from the Editorial Committee of the Mysore Law Journal was received within the date fixed. The terms offered by them are embodied in their letter dated 22nd December 1925 copy of which is enclosed for the information of Government. The Mysore Law Journal, I am to observe, has been in existence for nearly 3 years, and its Editorial Committee is composed of lawyers of standing in Bangalore and they possess the required facilities for bringing out the re-print. Having regard to the fact that the outlay involved in re-printing the back volumes must necessarily be large and that the Mysore Law Reports cannot

command

command any circulation outside the State the terms offered by them, I am to state, are very reasonable and may be accepted.

I am to add that if the terms proposed are approved by Government, the applicants will be required to execute a formal agreement in the matter and commence the work.

THE MYSORE LAW JOURNAL. 75, Chickpet,

Bangalore City, 22nd December 1925.

No.1115.

The Registrar,
The Chief Court of Mysore,
Bangalore

Sir,

Ref. Notice No.Roc. Petn. 3 - 25.26 dated the 1st Dec. 1925 re. the RIGHT OF RE-PRINTING AND SELLING THE BACK VOLUMES OF THE MYSORE LAW REPORTS AND THE MYSORE CHIEF COURT REPORTS.

On behalf of the Editorial Committee of the Mysore Law Journal I beg to state and offer the undermentioned terms and conditions for your kind consideration:-

1. The Mysore Law Journal Committee propose to re-prin and sell the back volumes of the Mysore Law Reports and the Mysore Chief Court Reports from the commencement to Feb.27, 1923, the beginning of the first volume of the Mysore Law Journal, with a consolidated Index in one volume for the whole set.

2. The back volumes of the REPORTS will be issued in the same style and form as the Mysore Law Journal and the whole set of the reprints will probably cover about ten volumes of about 960 pages each of Royal 8 vo size.

3. Each volume of the Re-print is proposed to be issued at a price of Rs.8/- bound in half leather and calico with gilt letter labels on back. The price of the entire set of the reprints will thus be about ~~xxxxxxx~~ Rs.80/-.

4. Work will be commenced immediately the acceptance of the offer is communicated and arrangements will be made to issue a volume of the reprinted edition once in every two or not more than three months. The whole work will be completed in about two years from the date of commencement.

5. The work will be carefully supervised and edited by

the Editorial Committee of the Mysore Law Journal and every attempt will be made to revise the head notes, where such revision may be found necessary, to give cross references to later and earlier decisions on the same points. References will also be given at the top of each case in bold print, to the volume Number and Page Number as in the original Reports.

6. It is proposed to issue an edition of 500 copies of the Reprint as it is expected that this number will suffice to meet the requirements of buyers for ten years. In the event of Government withdrawing the right at the end of the ten years they will have to buy at cost the unsold copies at the time.

7. The question of ROYALTY TO GOVERNMENT is not easy of solution. The cost of printing and paper alone for the work willamount to about Rs.17,500 and including the binding charges the investment on the work will be roughly Rs.20,000. We shall have to sell at least 250 copies before we can recover the bare cost, not to speak of interest on investment and remuneration for the labour involved in editing and supervising the work and compiling a consolidated index.

In view of the pressing demand for some copies of the back volumes, the public ~~usefulness~~ usefulness of the work, the largeness of the initial investment, which has deterred even the Government from attempting to reprint the wanting volumes, the Editorial Committee of the Mysore Law Journal pray that the Chief Court may recommend to Government the excuse of royalty on the work.

If, however, a royalty is to be insisted upon the Committee offer to pay a royalty of 7½ per cent on the sale price of each set sold after the first three hundred sets of the proposed edition of 500 sets.

I may mention in this connection that the Mysore Lawyers'

Lawyers' Conference of 1924 discussed this question and resolved upon requesting Government either to make arrangements to reprint the wanting volumes of the Reports or afford facilities to any private agency which might be considered competent to take up the work. The Law Journal Committee was suggested as a competent agency for the purpose.

Inasmuch as Government seem to have no idea of issuing a reprint of the back volumes it may not be too much to expect that they will not insist upon a royalty being paid by the Law Journal Committee especially in view of the fact that the whole work will be carefully revised and issued with useful cross-references and a consolidated and detailed index.

8. The Law Journal Committee also pray that Government may extend their patronage and encouragement to the work by subscribing for a sufficiently large number of copies of the reprinted edition.

9. Disposal of the present stock of the back volumes. On enquiry of the Government Central Book Depot I find that there is absolutely no stock of the complete volumes of either the Mysore Law Reports or the Chief Court Reports previous to the year 1919, the stock on hand being only copies of stray parts of different volumes. There appears to be no stock at all of the Mysore Law Reports and a number of consecutive volumes of the Chief Court Reports.

There seem to be a stockof about 100 copies of the Chief Court Reports for each of the years from 1919 to 1923.

If the Law Journal Committee is to undertake to reprint all the back volumes from the beginning up to the commencement of the first volume of the Journal as proposed above, with a consolidated Index for facility of reference, the Government will have to discontinue selling their stock of the back volumes.

As things are at present Government do not seem to be

selling

selling these back volumes, even those for the year 1919 to 1923, to any appreciable extent. It would therefore be better and serve the needs of buyers much more effectively, to permit the Law Journal Committee to issue a uniform edition of the reprints from the commencement to the beginning of the first volume of the Mysore Law Journal than ask the Committee to stop at the end of 1918.

10. As the proposed work involves a large investment and a great risk of dead stock in view of the fact that the actual present demand for the reprinted edition has not been ascertained and the time at the disposal of the Committee since the publication of the Notification has been too short to ascertain the actual demand by enquiry, the Committee pray that before entering into any binding agreement with the Government in this matter at least a month's time may be allowed to enable the Committee to circularise the subscribers of the Law Journal and Legal Practitioners in the State and ascertain the extent of the actual demand for the reprints. An advertisement is proposed to be sent out immediately and I shall be able to report finally on this matter on or before the 31st January 1926.

In conclusion I beg to state for the consideration the Hon'ble the Chief Court and the Government of H.H. the haraja that as a local endeavour by the Law Journal Committee o have been successfully conducting a non-official high class w Journal for the last 3 years, the above mentioned proposals the Committee may be viewed with favour and sympathy in preference outside competition if any. I may also mention that the mmittee have at their service an efficient local printing press ich is doing the Law Journal Work satisfactorily.

I need not add that the Law Journal Committee view proposed work of re-printing the back volumes of the Mysore --

Reports

Reports more as a labour of love with the object of supplying a pressing need of many of the newly enrolled practitioners than as a speculative or commercial venture.

I beg, etc.,

REPRINT OF THE BACK VOLUMES OF THE MYSORE REPORTS.

In continuation of my letter on this subject No.1115 dated the 22nd December 1925, I beg to enclose herein four copies of the Advertisement issued in this connection calling for advance orders from intending subscribers.

The Editorial Committee of the Law Journal will be much obliged if the Hon'ble the Chief Court will kindly recommend to Government and obtain their sanction to subscribe for at least 75 sets of the REPRINT for the use of the Civil and Criminal Courts in the State, including the Chief Court. The Secretary to Government, Legislative Departments, and the Government Advocate.

As already submitted it will be very hazardous to venture on the scheme of reprinting the back volumes unless we secure orders for at least 200 sets. The Advertisement has been distributed widely all over the State and good response is expected.

It will be a great encouragement to the Committee in this undertaking if Government will kindly extend their generous support and order the purchase of a sufficiently large number of copies.

The cost of 75 sets at the pre-publication price of Rs.75/- per set will be Rs.5625 and this expenditure will b distributed over two years from 1st July 1926, the supply copies of each volume being paid for on bills submitted wi

with each supply, once in two months. If Government have no objection to make an advance payment the cost of the 75 sets at the special concession price of Rs.75/- each will be Rs.5250 only and this amount may be paid in two equal instalments, one in July 1926 and the other in July 1927.

I request that the Chief Court may be pleased to address the Government on the subject and let me know how many copies and on what terms they will be pleased to purchase.
